

FIREBREAK & FUEL HAZARD REDUCTION NOTICE 2022 - 2023

First and final notice - Deadline 28th October 2022

TO ALL LAND OWNERS AND/OR OCCUPIERS OF LAND IN THE SHIRE OF IRWIN

Firebreaks must be installed and maintained clear of flammable materials from

28 OCTOBER 2022 up to and including 15 APRIL 2023

RURAL LAND

Land other than that within the Dongara Port Denison and Irwin Town Sites:

- 1.1 Maintain an Asset Protection Zone (APZ).
- 1.2 Have firebreaks not less than 3 metres in width and within 50 metres of the perimeter of any building/haystack or groups of buildings/haystacks situated on the land. Such firebreaks must completely encircle the building and/or hay stack.
- 1.3 Have firebreaks not less than 5 metres in width around all unattended motors and uncleared land that is in contact with a boundary.
- 1.4 All landowners in the **Urban/Rural Interface Area** (All land south from Mt Horner West Road, west of Water Supply Road and Pettit Lane and thereafter south and west of Brand Highway to Kailis Drive) have the option of either installing and maintaining a 3 metre firebreak, or a 20 metre slashed or heavily grazed firebreak to a maximum height of 100mm immediately inside and along all boundaries of land.

TOWN SITE LAND

Land situated within the Town Sites of Dongara Port Denison and Irwin:

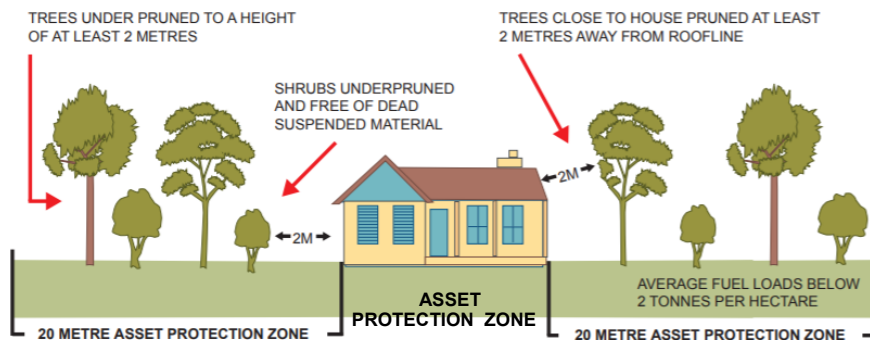

- 2.1 Maintain an Asset Protection Zone (APZ).
- 2.2 Have vacant land cleared of all flammable material (Slashed to a maximum height of 100mm) where the area of the land is 5000 square metres or less.
- 2.3 Have firebreaks not less than 3 metres in width immediately inside and along all boundaries of land exceeding 5000 square metres in area.
- 2.4 Have firebreaks not less than 5 metres in width around all uncleared land that is in contact with a boundary.

ASSET PROTECTION ZONES (APZ)

An Asset Protection Zone for habitable buildings extends a minimum of 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building (See below example):

- Should consist of managed vegetation, reticulated lawns and gardens and other non-flammable features.
- Grass recommended to be maintained to or under 50mm in height.

Note: All properties that are subject to a pre-approved Bush-fire Management Plan with the establishment of an APZ must maintain this APZ to the required standard at all times.
