ORDINARY COUNCIL MEETING

Disclaimer

The Shire of Irwin advises that the purpose of an Ordinary Council Meeting is to discuss and, where possible, make resolutions about items appearing in the agenda. No person should rely or act on the basis of any decision, advice or information provided by an Elected Member or Officer, or on the content of any discussion occurring during the course of the meeting. No person should rely on the decisions made by Council until formal written advice of the Council is received by that person.

The Shire of Irwin expressly disclaims any liability for any loss or damage whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Agenda Forums, Council or Committee Meetings.

Nature of Council's Role in Decision Making

Advocacy	When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.	
Executive	The substantial direction setting and oversight role of the Council e.g., performance of the Local Government's function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.	
Legislative	Includes adopting local laws and local planning schemes.	
Review	When Council reviews decisions made by Officers.	
Quasi-judicial	When Council determines an application/matter that directly affects a person's rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g., local planning applications, building permits, other permits/licences (e.g. under the Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).	

By allocating these roles, the Shire ensures that the Council's decision-making is structured and aligned with its legal responsibilities, allowing it to effectively govern, serve its community, and maintain compliance with applicable laws.

4. PUBLIC QUESTION TIME

Question 1: Mrs W Bishop, Port Denison

There have been some changes with regards to funerals taking place on the Foreshore. Why have those changes taken place and why have changes occurred in a way that the community have not been informed about it?

Response: The Shire President advised that this question will be taken on notice.

Question 2: Mrs W Bishop, Port Denison

Why did the Shire charge a venue bond of \$454.55 and a venue hire fee of \$177.27 to hold a service on the Port Denison Foreshore, as appears on the Funeral Directors invoice?

Response: The Shire President advised that this question will be taken on notice.

Question 3: Mrs C Zaharopoulos, Seaspray Caravan Park Cafe

Would the Shire reconsider the removal of advertising signage previously located at the intersection of Moreton Terrace and Hunts Road and that signage be re-instated?

Response: The Shire President advised that this question would be taken on notice.

Question 4: Mr J Rossiter, Port Denison

Why is it that public facilities are decreasing such as the old pine bollard logs on the foreshore, parking, shade sails over playgrounds, seating and umbrella at Grannys Beach?

Response: The Shire President confirmed that the Council were working on a plan and a new design for the Foreshore with some significant development planned over the next 18 months. Some features have not been immediately replaced following removal however this was to ensure the Shire did not 'pay for something twice', when a Masterplan for the area was being created and significant funding being applied for. Parking bays (along) Moreton Terrace were modified to assist in ensuring the health of our Moreton Bay Fig Trees. However, seating within both Dongara and Port Denison will be reviewed.

Both the Shire President and Chief Executive Officer confirmed that parking areas in Port Denison had actually increased following recent works.

Question 5: Mr J Rossiter, Port Denison

Where is the (Josh Byrne & Associates) Foreshore Master Plan located on the Shire's website as previous email requests to be provided with the location of the Plan had elicited no response.

Response: The Shire President advised that this guestion would be taken on notice.

Report Purpose:

For Council to consider the Dongara Golf Club's request to renew and upgrade the existing Dongara Golf Course reticulation and control system, and to support the Club's application for grant funding through the Department of Local Government, Sport and Cultural Industries (DLGSC), Community Sporting and Recreation Facilities Fund (CSRFF) Small Grants round for the project.

COUNCIL DECISION	050325

MOVED: Cr Tunbridge SECONDED: Cr Summers

- 2) Endorses the Dongara Golf Club's establishing a sinking fund where they set aside revenue to meet future capital expenses for maintenance, upgrades and/or replacement of the reticulation system, for the expected life of the asset.
- 3) Endorses the ranking of the golf course reticulation and control system upgrade and the shed installation as "A Well planned and needed by the municipality" to be submitted with the application as per the CSRFF Local Government Assessment Sheet.
- 4) Commits a cash and in-kind contribution of \$87,231 in the 2025/26 Annual Budget, equating to approximately 20% of the total project value \$424,461.

VOTING DETAILS: CARRIED: 7/0

For: Cr Leonard, Cr Wyse, Cr Scott, Cr Tunbridge, Cr Gillam, Cr Summers, Cr Melsom

Against: Nil

Background:

The Dongara Golf Club, established in 1932, has been a central part of the community for over 90 years. It is a vital community asset that provides recreational opportunities, promotes physical health, and fosters social connections for those interested in the sport of golf or as a function venue available to the general public. With over 130 regular members, omitting visitation by tourists and local visitors which has also steadily increased annually, maintaining a quality golf course is essential to operations and ensuring the club's sustainability locally and to support local tourism.

Page | **11**

The existing reticulation and control system is heavily contributing to inefficiencies, and presents the following three (3) key contributory challenges;

- 1. **Outdated Technology:** The existing system is over 20 years old and lacks modern features such as smart scheduling and moisture sensing.
- 2. **High Water Usage:** Inefficient watering practices result in excessive water consumption, increasing costs and negatively impacting the environment.
- 3. **Maintenance Concerns:** Frequent breakdowns and costly repairs divert necessary resources and staff from standard club operations.

The upgrade plan includes replacement of controller valves and wiring, upgrade to the pumping system, installation of a commercial plus water meter, and the supply and installation of an 8 metre by 8metre shed to house the upgraded system.

Expected benefits of the upgrade includes;

- 1. Water Savings: Estimated reduction in water usage by up to 30% annually
- 2. **Cost Reduction:** Decreased operational costs and a reduction in water, electricity and maintenance bills
- 3. **Environmental Impact:** Provides the opportunity to align with the club's and environmental sustainability goals including improved compliance with regulations
- 4. **Enhanced experience:** Improved course conditions results in increased member satisfaction and the likelihood of returning visitors.

In order to assist with the evaluation of submissions and to ensure projects are viable and appropriate, CSRFF have developed a Local Government Assessment Sheet. All submissions require the Local Government Authority to rate and prioritise submissions utilising the following guide and present the assessment as supporting documentation to the application.

RATING	DESCRIPTION
Α	Well planned and needed by the municipality
В	Well planned and needed by the applicant
С	Needed by the municipality, more planning
	required
D	Needed by the applicant, more planning
	required
E	Idea has merit, more preliminary work needed
F	Not recommended

Officer's Comment:

The renewal and upgrade of the Dongara Golf Club reticulation control system is essential for the sustainability and quality of the club, and the satisfaction of all members and visitors. The course itself is renowned for its spectacular reviews and quality greens, providing recreational opportunities to not only members, but to the general public, and is highly popular with visiting tourists. With the reticulation system at end of life, there is risk of losing the course. Investing in an upgrade and more modern technology represents a crucial step towards supporting a sustainable and successful future for the Dongara Golf Club with water usage and maintenance costs also anticipated to reduce significantly.

Consultation:

- Craig Vinci, Regional Manager Mid West Gascoyne for Department of Local Government Sport and Cultural Industries (DLGSCI)
- Golf WA have provided a letter of support for this project

Statutory Environment:

Local Government Act 1995

Policy Implications:

Ni

Financial/Resource Implications:

In support of producing a quality application with high chance of success, the Shire has engaged a consultant to assist writing the Grant Application. This is an out of budget and unplanned expense for the Community Services Department to a value of \$7,980 exc gst.

The Dongara Golf Club plan to submit an application through the CSRFF to complete the project, however, need Council's endorsement of the project as well as an agreement with the club to facilitate and fund the residual 20% of the total project cost. The Shire is expected to finance the remainder of the project through cash and in-kind for the remaining 20% should the application be successful. Council will need to endorse \$87,231 in cash and in-kind contributions in the 2025/26 Annual Budget.

A requirement of the application is to ensure a sinking fund is established by setting aside revenue over a period of time to meet future capital expenses and to cover costs at the assets end of life. The Dongara Golf Club have committed to creating a sinking fund using the anticipated cost savings once the upgrade is complete to fund any future maintenance / upgrades required due to normal system wear and tear.

Should the Dongara Golf Club's application be unsuccessful or should they be unable to meet the financial requirements of the grant, the Shire is not expected to proceed with a funding commitment in the 2025/26 budget. Similarly, if the Shire is unable to proceed with their funding commitment of \$87,231 in the 2025/26 Annual Budget, the CSRFF application cannot proceed unless the golf club can make up the balance of funding required. If the application is successful, the Shire will continue to actively seek opportunities to supplement and/or reduce the financial commitment.

Strategic Implications:

Our Brilliant Future - Strategic Community Plan 2021 - 2031

- Strategy 1.1.1 Identify and support services, events and programs for building capacity, social inclusion and wellbeing (including those catering for families, youth and seniors)
- Strategy 1.1.2 Advocate for retention of existing and enhanced facilities and health and social support services

Background:

Local governments utilise levels of delegated authority to undertake day-to-day statutory functions, thereby allowing Council to focus on policy development, representation, strategic planning and community leadership, with the organisation focussing on the day-to-day operations of the Shire.

The use of delegated authority means the large volume of routine work can be effectively managed and acted on promptly, which in turn facilitates efficient service delivery to the community.

In addition, as of 1 July 2024, the determination of development applications for single houses or any development associated with a single house (excluding development associated with a heritage place), can now only be done by the CEO or authorised employees of the local government.

Officer's Comment:

This report presents the details of development functions made under delegated or authorised authority for the month of February 2025, with 12 building permits, 6 single house applications and 3 applications for development approval having been issued.

Council Role:	Quasi-judicial	
Voting Requirements:	Simple Majority	

Report Purpose:

For Council to determine an application for a traders permit on Lot 5 on Diagram 1935 St. Dominics Road, Port Denison.

This report recommends approval of the application.

COUNCIL DECISION 070325

MOVED: Cr Melsom SECONDED: Cr Wyse

That Council by Simple Majority, approve the application for a traders permit on Lot 5 of Diagram 1935 St. Dominics Road, Port Denison.

VOTING DETAILS: CARRIED: 7/0

For: Cr Leonard, Cr Wyse, Cr Scott, Cr Tunbridge, Cr Gillam, Cr Summers, Cr Melsom

Against: Nil

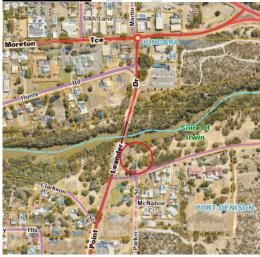

Background:

The Shire has received an application to amend a traders permit for the mobile coffee van operating as 'Miss Springfield'. Approval is sought to trade on Wednesdays and Thursdays on Lot 5 on Diagram 1935 St. Dominics Road, Port Denison. The site is owned in freehold by the Shire of Irwin.

Council at its meeting held on 27 August 2024 approved an application to renew the 'Miss Springfield' traders permit subject to trading being restricted to Wednesdays only and additionally resolved to:

Adopt the methodology for calculating the distance as prescribed in cl. 6.8(2)(a) of the Shire of Irwin Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law 2000 as the distance measured along a direct and accessible pedestrian route from the main entrance of the shop or permanent place of business.

Officer's Comment:

In considering an application for a permit, cl. 6.5 of the *Shire of Irwin Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law 2000* requires the local government to have regard to the following matters.

(a) Any relevant policies of the local government

There are no policies relevant to this application.

(b) The desirability of the proposed activity

The activity involves the trade of general refreshments (most commonly tea and coffee) and a small amount of snack foods (such as muffins, doughnuts and toasted sandwiches). This type of mobile coffee van trading is common in most local governments and adds to the existing food/beverage offerings in the Shire.

(c) The location of the proposed activity

Clause 6.8(2)(a) of the local law states:

- (2) A stallholder or trader shall not -
 - (a) attempt to conduct a business within a distance of 300m of any shop or permanent place of business that is open for business and has for sale any goods or services of the kind being offered for sale by the stall holder or trader.

The location is compliant as per the Council determination of 27 August 2024.

(d) The principles set out in the Competition Principles Agreement

The guiding principle in this Agreement is that legislation (including local laws) should not restrict competition unless it can be demonstrated that:

- (a) the benefits of the restriction to the community as a whole outweigh the costs; and
- (b) the objectives of the legislation can only be achieved by restricting competition.

Refusing an application simply because of a perceived increase in competition to other businesses would be contrary to the Agreement.

(e) Such other matters as the local government may consider to be relevant in the circumstances of the case

As the location of the activity is now considered compliant with the local law there seems no need to restrict the trading days of the activity.

Consultation:

Nil

Statutory Environment:

The Shire of Irwin Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law 2000 governs trading in thoroughfares and public places. In accordance with cl. 7.2(1) the local government may approve an application for a permit unconditionally or subject to any conditions or refuse to approve an application for a permit.

VOTING DETAILS: CARRIED: 7/0

Background:

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires Council to conduct a review of its budget between 1 January and the last day of February in each financial year. The Regulation requires that the results be submitted to Council to determine whether to adopt the review and recommendations made. Within 14 days of the review a copy of the review and determination is to be provided to the Department of Local Government, Sport and Cultural Industries.

Officer's Comment:

This report provides information by nature and is based on the seven - month period from 1 July 2024 to 31 January 2025. The budget review projects the Shire's full year income and expenditure against full year original budget. Attachment 1 is an explanation of identified major expenditure and revenue variations and a review of the capital program — showing all budgeted items and any expected variation to the budget.

Noteworthy projected variations to the original budget include:

Revenue

- Lower Operating Grants Subsidies and Contributions of \$109,000, mostly due to lower Financial Assistance Grants
- Higher Capital Revenue due to:
 - Department of Transport Boat Ramp Grant \$365,000
 - Sea Rescue Boat Ramp Contribution \$150,000

- Carry forward adjustment for the Vegetation Program LRCI Grant \$52,000
- Labour Party Election Promise of \$400,000
- Includes the revenue reduction for deferring Point Leander Drive works (\$211,000)

Operating Expenditure

Overall Materials & Contracts are projected to increase by \$37,000. This is a net result of over and under expenditure in different areas. Notable increase in expenditure includes the following:

- o Plant Operating Costs \$202,000
- o Legal Costs \$51,000
- o Contract Labour \$90,000
- Information Technology Costs \$82,000
- o Councillor election \$35,000

The above expenses were offset by several smaller accounts which are expected to expend less than originally budgeted. Interest Expenses are forecast to decrease by \$33,700 as the Shire will not be applying for the Foreshore Loan in the current financial year.

Capital Expenditure

Total capital works are expected to increase by \$717,000, comprising of:

- Boat Ramp Works \$715,000 (Grant funded)
- Foreshore Project \$200,000 (Grant funded)
- o Granny's Beach Playground \$60,000
- Allanooka Springs \$66,000
- o Includes expenditure reduction for deferring Point Leander Drive works (\$201,000)

Reserve Movements

Forecast transfer from the leave reserve of \$27,000 to Municipal Funds for leave cash out payments.

Closing Balance

It is anticipated that the Shire will end the financial year with a deficit of approximately \$353,000, compared to \$4,800 surplus as originally budgeted. \$207,000 of this variance is attributed to a number of accrual's required as part of the annual auditing process and late invoices. The remaining \$150,000 is a combination of an increase and reduction in revenue and expenditure in different areas as outlined above.

Consultation:

Responsible officers have predicted the balances on their activities.

Statutory Environment:

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

6.1. CASE Overview – Guidelines and CASE Application

6.2. Funding Policy

Farah confirmed the breakdown of the Community Assistance Scheme and Events (CASE) funding structure, supported in consultation with the committee. All committee members confirmed a good understanding of the guidelines and happy with the template used for CASE Applications.

- CASE \$5000 (or a combination made of the following funding per organisation as long as the total cumulative value does not exceed \$5000)
- Waiver of fees up to \$1000 maximum \$1000 per organisation per financial year
- Sundry Donation Small grants up to \$500 maximum \$1000 per organisation per financial year

Committee Members have previously received copies of the 'C7 Financial Assistance Funding Policy' which is also available on the Shire website to access the overarching Policy details pertaining to the funding.

In the last committee meeting, members voted to elect Farah Boksmati, Community Development Officer as the committee's chair. Farah, currently Acting Manager Community Services confirmed to chair until the CDO role is filled. Elyce will chair if necessary

6.3. Terms of Reference Review (ToR) / Update

No review required.

7. GENERAL BUSINESS

7.1. New CASE Applications

Refer to attachments CASE Applications Review for each application – Officer Recommendations – Emailed prior to meeting) and included as attachments to these minutes.

7.1.1. Irwin Autumn Social Club Application for Funding

 Activity/Event: Support the hire of appropriate transport in lieu of the Shire Bus no longer being available to community groups. The Bus will be used to transport members for social outings to surrounding areas and to other Seniors Clubs

Elyce declared a potential financial interest as her business could service this request. A declaration was received prior to the commencement of the meeting. Farah confirmed that this service was to be considered in lieu of the Shire Community Bus which is no longer available to hire, and a commitment provided by the Shire and Council. This commitment is outlined in the Shire's Strategic Community Plan for

Objective 1. To achieve a friendly, safe, and inclusive community enjoying a high-quality lifestyle. Item 1.1.3 Support appropriate community transport options.

- Funding Requested: \$4000

- **Comments by Committee:** To ensure all requests received in 2024/25, if eligible and endorsed by the committee for funding can be considered. Their requested funding amount of \$4000 will be split over the current and next financial year. This will ensure trips can be accommodated for the remainder of 2024/25 as well as trips made into 2025/26, enough to see them through until the new committee is formed post elections (18 October 2025).

The last CASE funding to the IASC has a remaining amount of \$870 which will not carry into the 2025/26 financial year.

- Funding endorsed by the Committee: \$2,000 in 2024/25 and \$2000 in 2025/26
- Relevant Attachments CASE Officer Review and Criteria 24_25 Irwin Autumn Social Club Bus Hire (provided as separate attachment).
 Contains Officer recommendation and feedback with scores applied according to the CASE Selection Criteria.

7.1.2. GoShackathon Midwest Student Expo – 9th May 2025

 Activity/Event: GoSH is an innovative, free, two-day tech-innovation event designed to empower young people in regional Western Australia by aligning local challenges with global solutions. The event focuses on raising aspirations, increasing community capabilities, and enhancing workforce readiness for regional youth.

The Mid West hybrid events will be the first of its kind, running, parallel and in conjunction with the GoSH events in Geraldton - with live interactions and feeds between the two venues..

With local support, they aim to provide students within the Shire of Irwin (and beyond) the opportunity to participate in GoSH with all the merch, challenges, and fun of the event in Geraldton. As the below outlines, GoSH runs over two days – Day 1 in Dongara and Day 2 by invitation in Geraldton.

- Funding Requested: \$ 5000
- **Comments by Committee:** The event has been Auspiced by the Pollinators and run by Curtin University as a Not For Profit event.

Farah advised that as they are also requesting use of the Irwin Rec Centre Main Stadium and as sponsorship cannot exceed \$5000, a recommendation to council should reflect a reduced funding amount to cover costs of the stadium hire as a Waiver of Fees. Funding, once all CASE Funding is applied (including all sundry and waivers that have been approved but yet to take place) is now depleted.

To support the event and ensure it goes ahead, with the limited funding left available under CASE, a reduction to the funding amount requested will be applied.

- Relevant Attachments CASE Officer Review and Criteria Weighting GOSHACKATHON (provided as separate attachment).
 Contains Officer recommendation and feedback with scores applied according to the CASE Selection Criteria.
- Funding endorsed by the Committee: \$3,750

\$3,250 will be applied as a cash contribution and an estimated \$500 to be applied as a Waiver of Fees as is applicable to the Irwin Rec Centre Venue Hire.

4. COMPLIANCE AUDIT RETURN (CAR) 2024

Members of the Audit Committee have been provided with the completed Compliance Audit Return (CAR) for the 2024 calendar year as attached. Local governments are required to Complete the statutory compliance return annually and have the return adopted by Council.

The return is a checklist of a local government's compliance with the requirements of the *Local Government Act 1995* and its Regulations, concentrating on areas of compliance considered "high risk".

The Audit Committee is to review the annual CAR and report to Council the results of that review, prior to adoption of the return by Council. After adoption, the return is to be signed by the Shire President and the CEO prior to it being forwarded to the Department of Local Government, Sport and Cultural Industries (DLGSCI) by no later than 31 March 2025.

Due to staffing challenges, the CAR was not lodged with the DLGSCI by the required date.

The following provides an outline of each section addressed in the 2024 return:
