Disclaimer

The Shire of Irwin:

- advises that the purpose of an Ordinary Council Meeting is to discuss and, where possible, make resolutions about items appearing in the agenda. No person should rely or act on the basis of any decision, advice or information provided by an Elected Member or Officer, or on the content of any discussion occurring during the course of the meeting. No person should rely on the decisions made by Council until formal written advice of the Council is received by that person.
- expressly disclaims any liability for any loss or damage whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Agenda Forums, Council or Committee Meetings.
- disclaims any liability for any loss arising from any person or body relying on any statement, discussion, recommendation or decision in the audio recording. Council minutes provide the definitive record of Council's resolutions.

Nature of Council's Role in Decision Making

Advocacy	When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
Executive	The substantial direction setting and oversight role of the Council e.g., performance of the Local Government's function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
Legislative	Includes adopting local laws and local planning schemes.
Review	When Council reviews decisions made by Officers.
Quasi-judicial	When Council determines an application/matter that directly affects a person's rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g., local planning applications, building permits, other permits/licences (e.g. under the Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

By allocating these roles, the Shire ensures that the Council's decision-making is structured and aligned with its legal responsibilities, allowing it to effectively govern, serve its community, and maintain compliance with applicable laws.

Notes for Members of the Public

Meeting Formalities

Shire of Irwin Council Meetings are governed by legislation and regulations. During the meeting, no member of the public may interrupt the meetings proceedings or enter into conversation.

Members of the public shall ensure that their mobile phones are switched off and not used during any Shire meeting.

Members of the public are hereby advised that in line with Council Policy CP48 – Recording of Council Minutes, no person is to use any electronic, visual or audio recording device or instrument to record the proceedings of a Council Meeting without the written permission of the Council.

Audio Recordings

This Meeting will be audio recorded. The recording will be made publicly available on the Shire's website within ten (10) days of the meeting being held.

3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Question 1: Maria Rinaldi, Port Denison

When will the Shire rectify the uneven surfaces around the townsite, such as the corner of Hunt and Church Streets, on Point Leander Drive, and near the bridge, as these areas present safety hazards for mobility scooter (gopher) users, with a potential risk of tipping?

RESPONSE: The Shire is committed to enhancing accessibility across the townsite, in line with our Disability Access and Inclusion Plan (DAIP). Each financial year, funding is allocated for footpath maintenance and improvements, with projects prioritised based on safety concerns, accessibility needs, and community feedback. We recognise that uneven surfaces can create hazards, especially for mobility scooter users, and will continue to address these issues through our ongoing infrastructure improvement program. The specific locations mentioned have been noted for assessment and prioritisation within upcoming works.

Question 2: John Rossiter, Port Denison

Can the Shire install an automatic door at the main entrance of the Dongara Medical Centre?

RESPONSE: Thank you for the suggestion. Installing an automatic door at the main entrance of the Dongara Medical Centre is a valuable idea that would improve accessibility for all visitors. We will refer this proposal to Council for consideration as part of the upcoming budget planning process.

Question 3: John Rossiter, Port Denison

Why have Sea Folk and Seaspray been given an exemption on signage, but the Dongara Bakery has not?

RESPONSE: Seaspray Beach Café and Sea Folk Café are located on the outskirts of town, in areas where passing travellers are unlikely to be aware of their presence without adequate signage. Due to their distance from the town centre and limited alternative options for visibility, these businesses rely heavily on directional signage to attract visitors. Both have experienced a noticeable decline in trade following the removal of signage, prompting Council to grant temporary exemptions in these specific cases.

In contrast, Dongara Bakery is centrally located with high visibility and accessibility, and therefore does not face the same challenges in attracting passing traffic or maintaining customer awareness.

Question 4: John Rossiter, Port Denison

Why was Point Leander Drive from Leitch Street to George Road realigned?

RESPONSE: The original realignment of Point Leander Drive between Leitch Street and George Road appears to have been carried out some time ago to accommodate the growth of the fig trees in the area. However, this resulted in a narrower footpath corridor, which raised safety concerns, particularly for families with young children.

The decision to return the road to its original alignment was made to address these concerns by widening the footpath corridor. This improvement enhances pedestrian safety and accessibility and also provides the opportunity for the removal of vehicle access dips, creating a smoother and safer path for all users.

4. PUBLIC QUESTION TIME

Question 1: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Dongara Public Town Hall restoration works - What is the project, works or purpose of the funding?

Question 2: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Dongara Public Town Hall restoration works – Have any of the works commenced?

Question 3: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Dongara Public Town Hall restoration works – Has any of the funding been spent and if so, on what?

Question 4: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Dongara Public Town Hall restoration works – Why is there a difference in the budgeted funding between \$240,000 last year and \$256,000 this year?

Question 5: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Dongara Public Town Hall restoration works – If work had not commenced by the end of the last financial year 2024/45, will the funds be carried over in full to the 2025/26 financial year for the same or similar work on the Hall?

Question 6: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Denison House Capital Renewal Works - What is the project, works or purpose of the \$25,000 funding set aside in the adopted annual budget?

Question 7: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Denison House Capital Renewal Works – Has any of the work commenced?

Question 8: Bruce Baskerville, Chair, Irwin Districts Historical Society

With regards to the Denison House Capital Renewal Works – Has any of the funding been spent and if so, on what?

Council Role:	Executive
Voting Requirements:	Simple Majority

Report Purpose:

For Council to receive the June 2025 Development Delegated and Authorised Authority Report.

Officer Recommendation:

RECOMMENDED:
That Council by Simple Majority, receives the June 2025 Development Delegated and Authorised Authority Report, as contained in DEV 01-07/25 Attachment 1.

Background:

Local governments utilise levels of delegated authority to undertake day-to-day statutory functions, thereby allowing Council to focus on policy development, representation, strategic planning and community leadership, with the organisation focussing on the day-to-day operations of the Shire.

The use of delegated authority means the large volume of routine work can be effectively managed and acted on promptly, which in turn facilitates efficient service delivery to the community.

In addition, as of 1 July 2024, the determination of development applications for single houses or any development associated with a single house (excluding development associated with a heritage place), can now only be done by the CEO or authorised employees of the local government.

Officer's Comment:

This report presents the details of development functions made under delegated or authorised authority for the month of June 2025, with 9 building permits/certificates, 5 single house applications and 4 applications for development approval having been issued.

DEV 02-07/25 Proposed Local Planning Scheme Amendment No. 22 – Rural Residential Rezoning Lot 9000 Hidden Valley Close, Dongara	
Author:	M Connell, Manager Development
Responsible Officer:	S Ivers, Chief Executive Officer
File Reference:	P24-69 / A5633
Council Role:	Legislative
Voting Requirements:	Simple Majority

Report Purpose:

For Council to support, without modification, Amendment No. 22 (the amendment) to the Shire of Irwin Local Planning Scheme No. 5.

Officer Recommendation:

RECOMMENDED:
That Council by Simple Majority, supports Amendment No. 22 to the Shire of Irwin Local Planning Scheme No. 5 without modification.

Background:

Amendment 22 seeks to rezone Lot 9000 Hidden Valley Close, Dongara from 'Residential R12.5' to 'Rural Residential'.

Lot 9000 is located some 700m from the coast and approximately 2km north from the Dongara town centre. The site is generally rectangular and has an area of around 40ha, being 400m wide (east to west) and 1.1km long (north to south).

The site lies within a coastal band of dunes that have previously been partially cleared for agricultural purposes. The site is vacant, characterised by significant variations in topography throughout, with an elevated ridge running through the southern portion of the eastern boundary as well as a small ridge situated towards the south-western boundary.

The site abuts large areas of coastal reserve and conservation land to the north and west, with larger rural residential lots to the east. The land to the south is zoned Residential R12.5 but has not yet been subdivided and will ultimately provide a transition from the existing North Shore residential estate further south.

Council at its meeting held on 25 February 2025 resolved to initiate the amendment and the advertising period has now concluded with 10 submissions being received.

Proposal

The amendment seeks to rezone Lot 9000 from Residential R12.5 to Rural Residential, which will enable the land to be developed for 1 hectare rural living lots. Under the existing R12.5 R-Code the site has the potential for subdivision to lots of an average size of 800m².

The site is located on the periphery of town in an area of transition between conservation and natural area reserves and existing / future low density residential and rural residential development.

The context of the site is such that the rezoning allows for the following opportunities:

- The steep grades of the site (a vertical difference of over 32m between the highest and lowest portions of the site) would require extensive earthworks to level and retain

traditional residential lots. Rural residential development of the site will reduce the extent of earthworks and retaining required and will deliver an appropriate and more sustainable site outcome that responds to the site topography which does not require wholesale clearing of the site.

- Sewer infrastructure is remote, and it is cost prohibitive to service the site for smaller residential lots. Development to the R12.5 density is therefore unviable.
- The Rural Residential zone will reduce the land use intensity of the site adjacent to the existing coastal and conservation reserves to improve separation distances and improve land use compatibility.
- The rezoning will not impact the ability for Dongara / Port Denison to accommodate future population growth and will facilitate timely subdivision to meet current and forecast future demand.
- The rezoning will facilitate an appropriate site responsive subdivision and development outcome in this location, further providing lifestyle and housing choice in the Dongara locality.

The amendment report is contained in DEV 02-07/25 Attachment 1.

Location Plan

Aerial Enlargement

Officer's Comment:

The amendment has been assessed against the following applicable planning framework as detailed below.

Guilderton to Kalbarri Sub-regional Strategy

The primary purpose of this Strategy is to guide growth, future planning and development in the sub-region. The Strategy identifies Dongara – Port Denison as a sub-regional centre that aims to support population and economic activities within its hinterland through the provision of goods and services. Urban growth within the Dongara – Port Denison sub-regional centre is promoted and the amendment is consistent with the strategic direction of the Strategy.

Local Planning Strategy

The Strategy sets out the long-term planning directions for the Shire and guides land use planning over the next 20 years. The Strategy promotes density infill of existing vacant residential zoned land as a priority. Lot 9000 is located in 'Policy Area B' and is identified for future development.

Section 3.1 'Population and Housing' of the Strategy indicates that there could be a shortfall of rural residential lots in the medium term, whereas there is sufficient land identified for Urban expansion and a significant supply of residential zoned land within the Shire. The strategic direction is to not proceed with the intensification of the low density Racecourse Estate residential lots but to leave the area for rural residential purposes based on the projected demand.

The Shire has recently completed advertising of a new draft Local Planning Strategy (2024) and has recommended that the site be identified as 'Rural residential'. A key planning direction of the draft Strategy is to provide a range of residential densities, housing choice and compatible uses that are suitable for local conditions.

The rezoning proposal will facilitate a development outcome that is not explicitly stated within the current Local Planning Strategy but is consistent with the new draft Local Planning Strategy.

Local Planning Scheme

The amendment proposes to rezone the site to 'Rural Residential'. The objectives of this zone are:

- a) To provide for the use of land for residential purposes in a rural setting for alternative residential lifestyle.
- b) To preserve the amenity of such areas and control land use impacts.

The amendment and associated subdivision / development of the site is consistent with the above objectives.

Dongara – Port Denison District Structure Plan

This Plan provides a strategic framework to sustainably grow the townsites of Dongara and Port Denison in a manner that serves the needs of the community now and in the future. Lot 9000 is identified on the Plan as 'Existing Urban / Residential' and within the future urban area identified as the 'Race Course Estate Precinct'. The Plan acknowledges that there is significant land fragmentation that limits the potential for residential intensification.

The amendment will facilitate housing diversity and retain the landform to optimise the physical elements of the landscape which is consistent with the Plan's objectives.

Conclusion

The proposed rezoning will facilitate an appropriate site responsive subdivision and development outcome by significantly reducing the extent of earthworks and retaining that would otherwise be required for suburban residential development.

The Rural Residential zone will reduce the land use intensity of the site adjacent to the existing coastal and conservation reserves and provides for the retention of an increased amount of existing vegetation that will contribute to improved environmental and landscape protection.

It is considered the amendment complies with the planning framework applicable to the site and the requirements of orderly and proper planning.

Consultation:

Prior to public advertising, the Environmental Protection Authority (EPA) is required to assess the amendment under Part IV of the *Environmental Protection Act 1986*. The EPA advised that the amendment should not be assessed.

The EPA provided advice regarding the retention of vegetation and fauna habitat in future stages of the development and stated that *'implementation of the amendment will reduce the intensity of development and may facilitate enhanced protection of environmental values than the existing zone. Clearing will still be required to implement the amendment.'*

The amendment was publicly advertised in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The advertising involved the following:

- A public notice was published in the Midwest Times;
- A public notice was published in the Dongara Denison Local Rag;
- A written notice was sent to adjoining landowners within approximately 500m of the site;

- 2 signs were placed on-site;
- A copy of the amendment was made available for public inspection at the Shire office;
- The amendment details were published on the Shire's website; and
- The amendment was referred to the following government / service agencies and stakeholders:
 - Department of Biodiversity, Conservation and Attractions
 - Department of Fire and Emergency Services
 - Department of Planning, Lands and Heritage – Aboriginal Heritage
 - Department of Water and Environmental Regulation
 - Main Roads WA
 - Telstra
 - Water Corporation
 - Western Power
 - Irwin Districts Historical Society
 - Dongara Irwin Race Club

In response to the advertising a total of 10 submissions were received (4 from the public / stakeholders and 6 from government / service agencies). The key relevant planning issues raised in the submissions are summarised as follows:

- Land clearing.
- Confusion over the plans within the amendment report.
- Provision of a buffer zone.
- Environmental report required.
- Means of access via right-of-way.
- Bushfire concerns.
- Lower density a better outcome.
- Possible provision of public open space.
- Exemption from State Planning Policy 3.7 – Bushfire.
- Site and soil evaluation required to demonstrate that the site can meet the minimum groundwater separation requirements of the Government Sewerage Policy.
